## diz 2400 series

The diz2400 series includes a variety of very slim designer kiosks with integrated edge-to-edge projective capacitive multi-touch monitor. With this unique and high-pitched design, the user can obtain all information in a very attractive and user-friendly way.

The diz2400 series has endless capabilities. Are you looking for an elegant and striking kiosk with an impressive multi-touch display and all the latest technology? If so, the diz2400 series is the right choice for you.

You can contact our sales team at any time for a non-binding offer. We would like to surprise you with our price-friendly solutions!
